

LEASE EXTENSION AGREEMENT

The Lessee (including any Co-Lessee and Guarantor) and Lessor, agree that the term of the Lease between Lessee and Lessor for the lease of a 2017 TOYOTA COROLLA IM VIN JTNKARJE0HJ531835 (the "Vehicle") dated 12/10/16 (date Lessee signed the Lease) is extended on a month to month basis to

03/10/20 (New Termination Date) provided, however, that either party may terminate the Lease by giving notice of such termination to the other party prior to the end of the then current monthly extension period and; provided further, that under no circumstances shall the Lease be extended for more than 3 months, whether or not such notice of termination is given. The monthly payment will consist of the current monthly payment under the Lease plus any monthly sales/use tax as required by the state in which the vehicle is registered. Lessor will continue to bill Lessee each month for the monthly payment due during the extension period. If a bill is not received by the Lessee, the monthly payment will still be due on the designated due date of the original lease.

To the extent that the Lessee purchased additional products, such as an extended service contract or road hazard protection, the Lessee acknowledges and understands that the extension granted herein will not extend the term of such products. The Lessee is urged to consult the documents they received at the time they purchased such products to determine if the vehicle will continue to be covered during the term of this extension.

The Lessee agrees that, except as modified by this Agreement, the terms of the Lease shall continue in force and effect until the end of the term of the Lease as extended by this Agreement. Among other things, this means that at the end of the Lease as extended by this Agreement the Lessee shall remain liable for excess mileage and excess wear and use, in accordance with the terms set out in the Lease, and any additional taxes and fees due during the extension, and shall have a purchase option at the amount and on the terms shown in the Lease. The allowable mileage under the Lease shall be increased by an amount equal to the average allowable miles per month under the Lease times the number of months the lease is extended pursuant to this Agreement. Insurance must be maintained on the Vehicle as indicated in the Lease.
